College Research Guiding Principles (Review)

- Know thyself
- The goal should be "best fit" not "best name"
- *Program, Place, People, Price, Priorities!*
- Have "frank family discussions" about funding *before* selecting schools - "Hope is not a plan"
- Be careful to not overvalue or undervalue a college
- Build a diversified, well balanced college list (Reach, Target, Likely)
- Use trusted resources to make well-informed, timely decisions (PVSCollegeCounseling.com and Naviance)
- Your list is *your* list. Do not listen to the "noise"
- Act with integrity

Pine View College Resource

“ College is a match to be made, not a prize to be won!”

Pine View School college guidance is a two-year process that begins in the fall of the junior year and culminates with senior graduation. The essential goal is to find the college that best matches a student's individual needs, personal disposition, academic profile, talents, interests, and ambitions.

Our goal is to provide a highly personal, multi-faceted approach towards college admissions. In support of this we offer a variety of resources and opportunities for learning about college admissions which include this website, web tools available through Naviance/Family Connection, group meetings, individual conferences, informational evenings, and workshops. Through these various means we hope to provide clear and accurate information that allows
