Pine View School
High School Profile 2023-2024

Mission

The mission of Pine View School is to provide a qualitatively different learning environment that nurtures a passion for intellectual curiosity, that encourages risk-taking, independence and innovation, and that is committed to a tradition of academic excellence and social responsibility.

Vision

Pine View is the premier school for arts and sciences dedicated to providing excellence in research-based teaching practices that foster intellectual, social, and emotional growth in gifted students.

School Description

Pine View School for the Gifted was established by the Sarasota County School District in 1969 to meet the needs of intellectually gifted students (Grades 2-12). It is the only school of its kind in the state of Florida, and one of the few stand alone gifted programs in the nation. Pine View has a rich tradition of providing students with an enriched, challenging academic program in which excellence is fostered, attained and celebrated. Pine View has been consistently recognized at both the state and national level as one of the country's top public high schools.

The student experience at Pine View is unique. In a community of over 1,600 gifted students a culture that prizes intellectual and academic inquiry and accomplishment is nurtured. Extensive opportunities are provided for students to explore their creative and leadership potential. Character education activities and service learning projects are a prominent part of the Pine View experience and are designed to expand social awareness and to stress social responsibility. Empowering students to make a difference in the lives of others is a tradition of which Pine View is exceptionally proud.

Enrollment

Students are eligible to attend on the basis of full scale intellectual assessments, performance scales, academic performance and recommendations. Pine View School serves students in grades 2-12 with a total school enrollment of 1,675. High School enrollment is 680 (Grades 9-12) for the 2023-24 school year. There are 157 students in the Class of 2024.

GPA/Class Rank

It is Pine View School policy not to report class rank.

All high school courses (Grades 8-12) are used in computing Grade Point Average. It is important to note that electives taken by many Pine View students for intellectual diversity and challenge are *not* weighted, so that even high grades in these courses may lower a student's weighted grade point average. Grading Policy: A = 90 – 100 B = 80 – 89 C = 70 – 79 D 60 – 69 F = 0 – 59
