

Early Decision Agreement 2024-25

Dear Pine View Senior Applicant and Parent(s),

You have elected to apply to your college/university of first choice under an **Early Decision Plan**. It is a requirement of the Early Decision Plan of your prospective institution that you, your parents and I, sign an Early Decision Agreement (EDA), affirming the following:

- 1) You are applying Early Decision to only one institution;
- 2) If accepted, you agree to withdraw all other applications at the time of notification and not submit additional applications (public universities excepted);
- 3) You have fully researched and are aware of the potential implications of acceptance and rejection of an Early Acceptance offer, and that your high school college resource officer has shared this information with you;
- 4) You are applying under this plan in good faith.

A university-specific agreement will appear electronically in your Common Application which I am required to countersign and affirm. This official agreement will be forwarded along with your application materials.

We also require that you sign the attached *Pine View School Early Decision Agreement* for our records indicating that we have discussed and that you are aware of the expectations associated with an Early Decision application (form attached).

Sincerely,

Lance C. Bergman, College Resource Counselor
Pine View School for the Gifted
